Published November 19, 2020 If you want to improve your workflow, you need a suitable computer. And one of the most attractive computers is Macbooks. These sleek portable computers allow you to work anytime, anywhere and offer their users a lot of functionality. But sometimes that's not enough. In so many cases, you're looking for more. While you might go for some productivity S apps, there are actually a lot of Macbook accessories available that will make your life easier in many ways. With this additional accessory, your Macbook can be charged faster, hold more data, or keep it safe and secure while you're on the go. In addition, there are a variety of accessories to choose from as many companies have jumped on the train of supply macbook users. Below are some of the biggest Macbook accessories that will benefit your computer. What makes great Macbook accessories? Before we were added to the list, we wanted to move on to the criteria for what makes great Macbook accessories. The items we have selected from this list have the following criteria: Cheap price – accessories themselves should not break the bank compared to the large initial investment of a Macbook. Usability – All these accessories are handy in different situations, but also have additional features that make them useful in some situations beyond their obvious features. Compact - Workflow is also about space in most cases. As such, anything that is too bulky does not help much. These accessories are either useful for storage of other items or beautiful and compact, so that they do not get in the way. A USB drive for quickly storing files without access to the cloudWhile you can access the cloud at any time, accessibility can sometimes be cumbersome or take time to agree. Instead of trying to access files in this way, retrieving a USB flash drive can save you a lot of time. Especially when it is connected to your work to give presentations. The SanDisk Ultra Dual Drive is great because it offers USB-C and USB-A ports that allow you to connect virtually any device and transfer files and more between computers. In addition, USB drives now have several hundred gigabytes and make them solid storage devices. Buy SanDisk Ultra Dual Drive here. Compact charger, which is more than ChargeYour standard charger that comes with your MacBook, is a good option for a charger, but these days chargers can offer so much more. this can help you speed up your workflow by charging other devices or charging the charger for other applications out of charging Can. The Anker PowerPort charger is more compact than the standard charger. It also offers another USB-C port that allows you to quickly charge another gadget with it. Buy Anker PowerPort charger here. Port Adapter for people with multiple devicesOne of the harsh limitations of a Macbook is that it has only two USB-C ports. This is manageable, manageable for people with fewer gadgets, You are the type that has multiple, it can interrupt your workflow if you need a specific device and you can't charge or access it. In this case, a Port Adapter from Satechi can help. It offers multiple USB-C ports that allow you to use

multiple devices. This can also help with the organization of cords that we know can interfere with the work. If the USB-C ports are not sufficient, an SD card reader and ethernet cable connector are also supplied. Buy Satechi Multi-Port Adapter here. A USB cable that is not as intrusive or cumbersome to use is The USB-C cable that comes with Macbooks is small and is used to hang on an external monitor. By adding more length to them, you can have better cable management. One option we thought was the Nomad Kevlar cable, which offers enough length to do what you want while giving you more space to work with you. Buy Nomad Kevlar USB-C cable here. ScreenCleaning your laptop To see what you doDust, Particles and Splotches are expected on laptop screens after a while. While you can bypass them, they can sometimes obscure your vision. The same applies to all devices nowadays. The only problem with many solutions on the market is that they can damage screens. Fortunately, we found a screen cleaning solution that didn't damage screens. ScreenDr Professional screen cleaning kit comes with a spray that is safe for screens and an antimicrobial microfiber cloth to make sure you make the most of the spray. Buy ScreenDr Professional Screen Cleaning Kit here. Card reader that speeds up photo transfer timeWhen you're looking for a standalone card reader for your work, it's important to get a photo transfer and read device. One of the best Macbook accessories in this category we found the Vanja card reader. It is able to read SD and MicroSD cards while simply transferring the images to a computer thanks to its USB-C and USB 2.0 port options. It is also small, making it easy to carry and is cheap to buy, making it a good choice to pick up if you are dealing with many pictures. Buy Vanja Card Reader here. Protective cases to protect your laptop from HarmFor those who travel the last thing you want, your laptop is damaged for whatever reason. Even if you probably don't drop it as often as your phone, with a case for a laptop, you can save time. One sleeve we found interesting was the Native Union sleeves. They are made of tear-resistant material with genuine leather accents. Its interior is soft and prevents scratches from your laptop. It also offers a pocket area where you can connect cables and other Macbook accessories can save it. Buy Native Union's laptop bag here. Car charger to charge on the GoFor the person always driving around, a car charger is always a helpful tool to have when you are on the go. Anker's is particularly helpful in many ways. This can not only charge your Macbook, but it also has an additional port to charge your phone if needed. It's not the fastest charger out there compared to the Macbook Pro adapter, but it's the highest on the market with an output power of 30 watts. By comparison, the second fastest charging plug offers a power of 18 watts. Apart from that, the charger has an illuminated LED ring so you can see it and the connectors late at night. It also has a function that ensures that devices do not experience overvoltage or overheating by the charger itself. Buy Anker PowerDrive car charger here. USB-C to USB-A Adapter grants access to older modelsIf your older Macbook is still working, but has files that you don't want to back up that they want this to make it easier to access. It also allows you to access devices that only have USB-A slots. This can save you a lot of time when switching between older and newer devices. Buy Thunderbolt Adapter here. A Hardshell Case For Added ProtectionA case is good for travel, but if you use it, it may be nice to have an extra layer of protection. In addition, this hardshell housing can also serve as additional protection against scratches and impacts. Buy Incase Textured Hardshell Case here. Alternative case for those with tighter budgets but want protectionIf you are looking for a suitable laptop case, but are not looking to spend too much, AmazonBasics brands are a good alternative. Their sleeves are elegant and still offer good protection against scratches. It also has a few pockets for small things. Buy AmazonBasic's laptop case here. A hub that hosts multiple ports at OnceWe have already mentioned a port before it is a big time saving because it has different ports for different devices. This is a great alternative as it doesn't offer as many USB-C ports, but it offers more variety. Paired with the design, which has the same color as the MacBook Air, it features two USB-C ports, two USB 3.0 ports, an HDMI port, and SD and microSD card readers. Buy Satechi Type C Pro Hub here. Earbuds To Deal With Fewer Headphone CordsCords are a common problem when increasing productivity at the desk and one way to mitigate it is to go wireless. If you think about it, one option is to consider the Soundcore earbuds. These are cheaper than Apple's traditional AirPods, which can save you money. In addition, they deliver great sound and are connected via Bluetooth. The beauty of these earbuds is that they can also break the sound, even though they are so compact. They also offer touch control allowing you to pause, play, skip music and answer calls. Buy Soundcore Wireless Headphones here. Desktop Stand To Save Desk SpaceDesk Space another important part of productivity, as things get in the way and can hinder your work. In cases where you don't need your laptop at the moment, it may be helpful to have a stand where you can set it aside. In these situations, we recommend the Twelve-South book sheet. This neat Macbook accessor can save a ton of space by you laptop to insert it into the stand. It also keeps it elevated from the surface that can protect it from spillsBuy Twelve South BookArc desktop stands here. A Comfortable And Easy To Use Mouse For Faster Working SpeedThe last Macbook accessory we're talking about is a real mouse. Logitech offers fantastic mouse and their Logitech MX Master 3 is one of the largest wireless mouse endings. The ergonomic design, the customizable buttons and the insanely precise movement are fantastic. It also comes with a scroll wheel for precise scrolling. Battery power can last for months between charges and, like all Logitech devices, it comes with a USB-C port for charging. Buy Logitech MX Master 3 Wireless Mouse here. Bottom LineThere are many Macbook accessories out there to improve your workflow. Take the time to do research and invest in some of the best though will save you a lot of time, money and energy in the long run. At the same time, all these accessories can help you with specific needs for whatever you do. Photo: Viktor Ritsvall via unsplash.com unsplash.com
